Transparency in Health Care Prices

Senate Bill 17-065, or “The Transparency in Health Care Prices Act,” helps to ensure “self-pay” prices are accessible to the public by requiring health care providers to post their 15 most common procedures.

If you are covered by health insurance, we strongly encourage you to consult with your health insurer to determine accurate information about your financial responsibility for a health care service provided at The Steadman Clinic.

If you are not covered by health insurance, please contact our billing office at (866) 942-2688 to discuss payment options prior to receiving services from The Steadman Clinic since posted health care prices may not reflect the actual amount of your financial responsibility.
